support of the applications, will be made available for public inspection and copying. A copy of the application also will be made available at the Federal Reserve Bank of each district in which the applicant is situated.

FAVORABLE DETERMINATION

If the Board determines on the basis of the information before it that an exemption should be granted, notice of the exemption will be published in the FEDERAL REGISTER, and a copy furnished to the applicant and to each Federal official responsible for administrative enforcement.

The appropriate State official shall inform the Board within 30 days of any change in its relevant law or regulations. The official shall file with the Board such periodic reports as the Board may require.

The Board will inform the appropriate State official of any subsequent amendments to the Federal law, regulation, interpretations, or enforcement policies that might require an amendment to State law, regulation, interpretations, or enforcement procedures.

ADVERSE DETERMINATION

If the Board makes an initial determination that an exemption should not be granted, the Board will afford the applicant a reasonable opportunity to demonstrate further that an exemption is proper. If the Board ultimately finds that an exemption should not be granted, notice of an adverse determination will be published in the FEDERAL REGISTER and a copy furnished to the applicant.

REVOCATION OF EXEMPTION

The Board reserves the right to revoke an exemption if at any time it determines that the standards required for an exemption are not met.

Before taking such action, the Board will notify the appropriate State official of its intent, and will afford the official such opportunity as it deems appropriate in the circumstances to demonstrate that revocation is improper. If the Board ultimately finds that revocation is proper, notice of the Board's intention to revoke such exemption will be published in the FEDERAL REGISTER with a reasonable period of time for interested persons to comment.

Notice of revocation of an exemption will be published in the FEDERAL REGISTER. A copy of such notice will be furnished to the appropriate State official and to the Federal officials responsible for enforcement. Upon revocation of an exemption, creditors in that State shall then be subject to the requirements of the Federal law.

APPENDIX C TO PART 226—ISSUANCE OF STAFF INTERPRETATIONS

These interpretations provide the protection afforded under section 130(f) of the Act. Except in unusual circumstances, such interpretations will not be issued separately but will be incorporated in an official commentary to the regulation which will be amended periodically.

REQUESTS FOR ISSUANCE OF OFFICIAL STAFF INTERPRETATIONS

A request for an official staff interpretation shall be in writing and addressed to the Director, Division of Consumer and Community Affairs, Board of Governors of the Federal Reserve System, Washington, DC 20551. The request shall contain a complete statement of all relevant facts concerning the issue, including copies of all pertinent documents.

SCOPE OF INTERPRETATIONS

No staff interpretations will be issued approving creditors' forms, statements, or calculation tools or methods. This restriction does not apply to forms, statements, tools, or methods whose use is required or sanctioned by a government agency.

APPENDIX D TO PART 226—MULTIPLE ADVANCE CONSTRUCTION LOANS

Section 226.17(c)(6) permits creditors to treat multiple advance loans to finance construction of a dwelling that may be permanently financed by the same creditor either as a single transaction or as more than one transaction. If the actual schedule of advances is not known, the following methods may be used to estimate the interest portion of the finance charge and the annual percentage rate and to make disclosures. If the creditor chooses to disclose the construction phase separately, whether interest is payable periodically or at the end of construction, part I may be used. If the creditor chooses to disclose the construction and the permanent financing as one transaction, part II may be used.

Part I—Construction Period Disclosed Separately

A. If interest is payable only on the amount actually advanced for the time it is outstanding:

1. Estimated interest—Assume that one-half of the commitment amount is outstanding at the contract interest rate for the entire construction period.

Pt. 226, App. D

12 CFR Ch. II (1–1–10 Edition)

2. Estimated annual percentage rate—Assume a single payment loan that matures at the end of the construction period. The finance charge is the sum of the estimated interest and any prepaid finance charge. The amount financed for computation purposes is determined by subtracting any prepaid finance charge from one-half of the commitment amount.

3. Repayment schedule—The number and amounts of any interest payments may be omitted in disclosing the payment schedule under §226.18(g). The fact that interest payments are required and the timing of such payments shall be disclosed.

4. Amount financed—The amount financed for disclosure purposes is the entire commitment amount less any prepaid finance charge.

B. If interest is payable on the entire commitment amount without regard to the dates or amounts of actual disbursement:

1. Estimated interest—Assume that the entire commitment amount is outstanding at the contract interest rate for the entire construction period.

2. Estimated annual percentage rate—Assume a single payment loan that matures at the end of the construction period. The finance charge is the sum of the estimated interest and any prepaid finance charge. The amount financed for computation purposes is determined by subtracting any prepaid finance charge from one-half of the commitment amount.

3. Repayment schedule—Interest payments shall be disclosed in making the repayment schedule disclosure under §226.18(g).

4. Amount financed - The amount financed for disclosure purposes is the entire commitment amount less any prepaid finance charge.

Example:

Assume a \$50,000 loan commitment at 10.5% interest with a 5-month construction period and a prepaid finance charge of 2 points.

(A)		(B)	
Estimated Interest:			
$\$25,000 \times .105 \div 12 \times 5 = \$1,093.75$		$\$50,000 \times .105 \div 12 \times 5 = \$2,187.50$	
Estimated APR:			
$\frac{(\$1,093.75 + 1,000) \times 100 \div 5 \times 12}{(25,000 - 1,000)} =$		$\frac{(\$2,187.50 + 1,000) \times 100 \div 5 \times 12}{(50,000 - 1,000)} =$

FINANCE CHARGE (Estimate)	2,093.75		3,187.50
ANNUAL PERCENTAGE RATE (Estimate)	20.94%		31.88%
Repayment: One payment of principal of \$50,000 on 12-12-80. Interest on the amount of credit outstanding will be paid monthly.		4 monthly payments of \$437.50, beginning 8-12-80, and a final payment of \$50,437.50 on 12-12-80.	
Total of payments (Estimate)	\$51,093.75		\$52,187.50

Part II - Construction and permanent financing disclosed as one transaction.

- A. The creditor shall estimate the interest payable during the construction period to be included in the total finance charge as follows:
1. If interest is payable only on the amount actually advanced for the time it is outstanding, assume that one-half of the commitment amount is outstanding at the contract interest rate for the entire construction period.
 2. If interest is payable on the entire commitment amount without regard to the dates or amounts of actual disbursement, assume that the entire commitment amount is outstanding at the contract rate for the entire construction period.

B. The creditor shall compute the estimated annual percentage rate as follows:

1. Estimated interest payable during the construction period shall be treated for computation purposes as a prepaid finance charge (although it shall not be treated as a prepaid finance charge for disclosure purposes).
2. The number of payments shall not include any payments of interest only that are made during the construction period.
3. The first payment period shall consist of one-half of the construction period plus the period between the end of the construction period and the first amortization payment.

C. The creditor shall disclose the repayment schedule as follows:

1. For loans under paragraph A.1. of Part II, without reflecting the number or amounts of payments of interest only that are made during the construction period. The fact that interest payments must be made and the timing of such payments shall be disclosed.
2. For loans under paragraph A.2. of Part II, including any payments of interest only that are made during the construction period.

D. The creditor shall disclose the amount financed as the entire commitment amount less any prepaid finance charge.

Example:

Assume a \$50,000 loan commitment at 10.5% interest with a 5-month construction period and a prepaid finance charge of 2 points, followed by 30-year permanent financing at the same rate with monthly amortization payments of \$457.37.
